

Problem Statements
for
Generative AI

1. **Interactive Storytelling Platform:** Create a GenAI-based platform that allows users to co-create interactive stories, where the narrative evolves based on user choices and inputs.
2. **Automated Creative Advertising:** Create a GenAI tool that generates creative advertising campaigns, including visuals and copy, tailored to specific target audiences.
3. **AI-Based Interactive Learning Modules:** Create an educational platform where GenAI generates interactive learning modules, quizzes, and exercises based on the student's progress and needs.
